Built from 10305

LEGO 10305 is the Lion Knights' Castle, made for LEGO's 90th birthday as a tribute to the classic castle sets: a hinged fortress of grey stone walls with a drawbridge and a portcullis.

2026

The Lion Knights' abbey, open to the sky, built from their castle's own stones.

4,515 pieces in LEGO 10305 Lion Knights' Castle (2022).

2

2,718 of them build this model: 60% of the box.

3

Nothing else to buy: every piece comes out of the box.

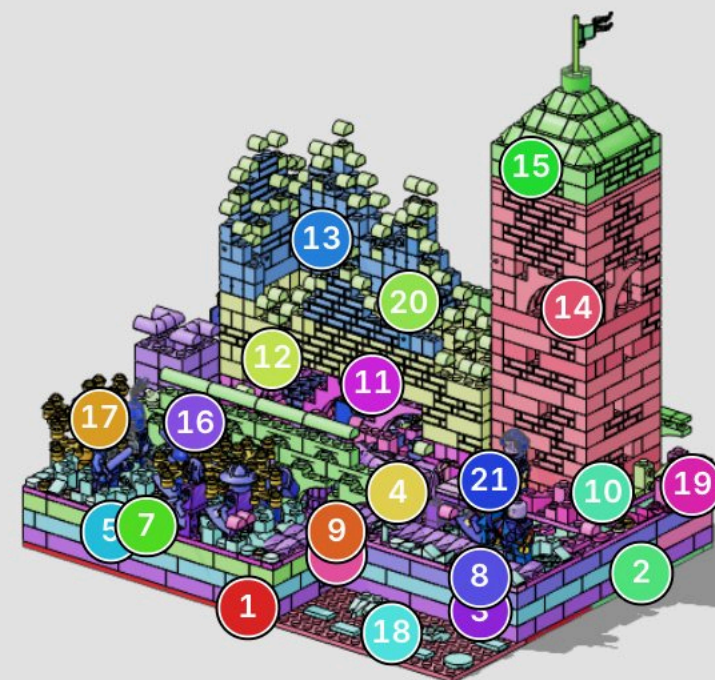

From the designer

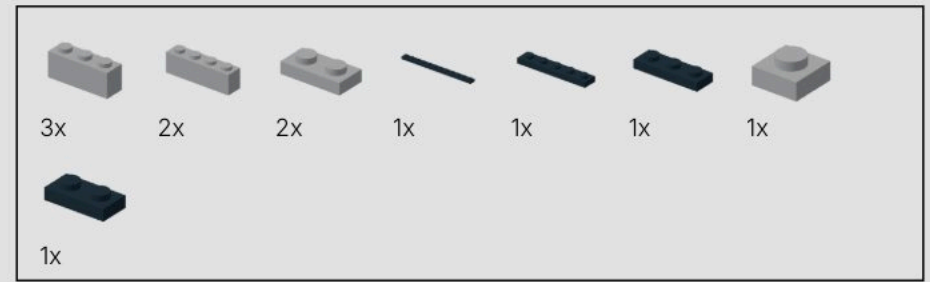

Every part of these ruins comes out of the 10305 Lion Knights' Castle box. The castle's tall arches become the nave's arcade, its windows the lancets in the far wall, and its masonry bricks step down where the walls have fallen. The bell tower still stands whole under a slate roof with the gold bell in its belfry, over a cloister garden gone to grass and flowers.
