Built from 75419

LEGO 75419 is the Ultimate Collector Series Death Star: a cutaway battle station packed with scenes from the films. Nearly all of its pieces are grey and black, the colours of the Empire.

2026

The dagger that opens the saga, built from the Death Star's own pieces.

1 9,030 pieces in LEGO 75419 Death Star (2025).

2 5,284 of them build this model: 59% of the box.

3 Nothing else to buy: every piece comes out of the box.

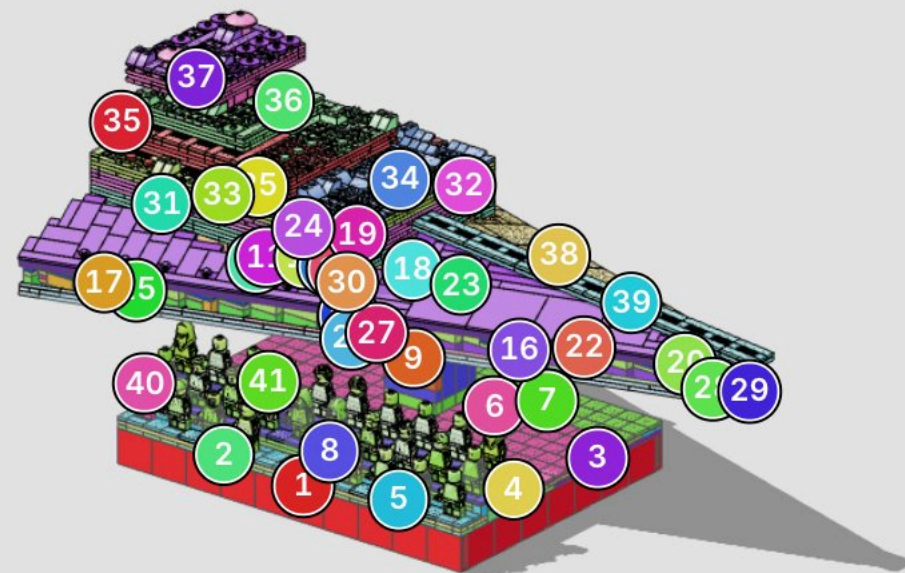

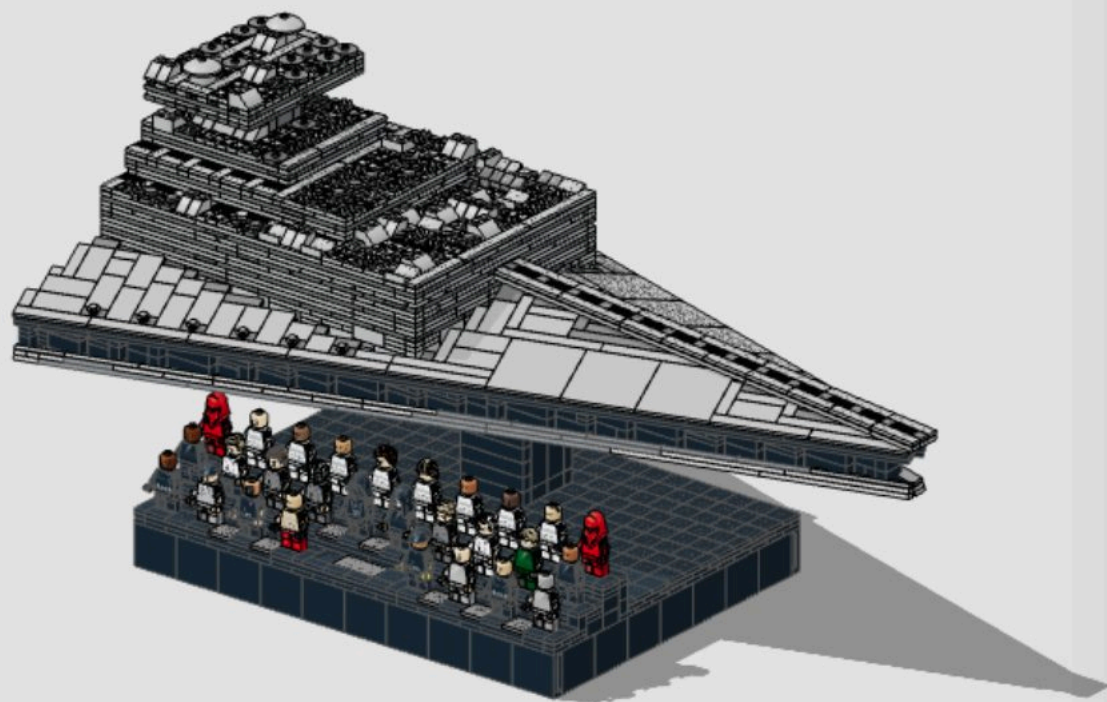

From the designer

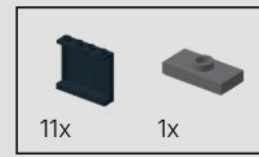

Every part of this Star Destroyer comes out of the 75419 Death Star box. The grey that plates the battle station becomes the long dagger hull, its trenches and the terraced bridge tower, the station's trans-blue lights become the engines, and its black core becomes the stand it rides on.
